

Simpleway TugmanUI •

17-Inch Touchscreen •

Built for the toughest conditions. Meets NEMA IP65 certification for weather resistance to cold, heat, water and dust. Shipped with role-based customisable user interface.

The Simpleway 17-inch touchscreen TugmanUI is assembled with a sealed brushed stainless-steel case built for the harshest airport environments. The access ports are fully protected meeting NEMA 4X/IP65 certification providing resistance to corrosive liquids and dust particles. The weather-proof resistive touchscreen is designed to be used while wearing work gloves.

The ruggedized TugmanUI is designed specifically for airport baggage handling operations with simple plug & play to our Simpleway solution. TugmanUI streamlines the baggage handling process while providing real-time baggage information for passengers. Simpleway Global's TugmanUI software experience is intuitive, and efficient for bag handler operations.
